Concerning plot no. 294/1, there are two boundary lines, one in file DI47_TROJSKA_zamereni_m.dwg" in color blue, and one in file "P.02_TROJSKASKOLA_KATASTR_m.dwg" in color yellow. and yet the two boundary lines doesn't look the same, especially in the east side of the plot. Which boundary line should we base our design with?	
73	<p>Označení pozemku 294/1 v podkladu P.02 vychází z katastrální mapy. Cílem DI47 je poskytnout soutěžícím, co nejlepší informace o terénu. Je možné, že se v současnosti oplocení nachází za katastrální hranicí pozemku. Držte se prosím hranice souboru P.02</p> <p>Boundary line of plot No. 294/1 in document P.02 is based on the cadastral map. The goal of DI47 is to provide contestants with the best information about the plot. It is possible that the fence is currently located behind the cadastral boundary of the plot. Please keep the P.02 boundary.</p>
